Mr. Allen W. Dulles
Central Intelligence Agency
Washington 25, D.C.

Dear Mr. Dulles:

I may be mistaken but I strongly believe that you asked the Air Force to take the pictures of the earth made by the Atlas missile August 24 to study the equatorial bulge of the earth because of the Hugh A. Brown theory on the antarctic ice-cap which I brought to your attention.

If so, I am glad that I helped to get action on such an important matter.

Sincerely Yours,

George P. Wyllie

George Patrick Wyllie
